PFAS – DECLARATION OF COMPLIANCE

Per- and polyfluorinated alkyl substances (hereafter abbreviated as PFAS) are a Group of extremely persistent chemicals that are used in many consumer products. PFAS are used in products because they can, for example, increase oil and water repellency or withstand high temperatures. Currently, there are more than 4700 different PFAS that accumulate in humans and the environment.

TOP GLASS INDUSTRIES S.p.A. hereby declares that all its products do not contain PFAS and that does not directly purchase any PFAS.
